

# Homework Menu

## Spring 2

### English

**WALT: know how to create a non-chronological report**

Create a report about an animal of your choosing. Remember to include subheadings, quotes, a picture, conjunctions and facts. and even adjectives to describe what the animal looks like.

Include ambitious adjectives.

Include adjectives and expanded noun phrases.

Include adjectives, expanded noun phrases and alliteration.

### Experience

**WALT: do a nature walk**

Go outside with a family member and walk around in nature, this could be a park, wood or garden centre. Use your observational skills to write down what natural features you can see, smell and hear.

Challenge: Can you draw a picture using your observational notes?

### Maths

**WALT: understand units of measure.**

Go on a hunt around your home and measure lots of different things in cm, m and litres. Present this data however you like.

Compare 2 items.

Order the measurements starting with the smallest to largest.

Compare 10 of your measurements using  $<$ ,  $>$  and  $=$ .

### Maths

**(Compulsory to be completed each week)**

Practise your times tables on Times Table Rock Stars weekly to prepare for the test on Monday

### Spellings

**(Compulsory to be completed each week)**

Complete the spelling worksheet.

### RE

**WALT: identify and describe something that is precious**

The Torah is precious to a Jewish person. What is precious to you?

Take a photo or draw a picture of the object and explain what it is and why it is precious to you.

Challenge: Ask a family member what is precious to them and compare it to yours, how is it similar and different?

### Science

**WALT: group and identify animals.**

Research a type from each group: mammal, reptile, amphibian, bird and fish. Explain why they are categorised in this group.

Challenge: Compare one of the animals to a human, what is similar and what is different?

### PSHE

**WALT: list strategies to save money**

It is very important we understand that in order to buy something we want, we have to save our money. Create a list or draw 2 different ways how you can save money.

Challenge: Which strategy do you think is better and why?

### Art

**WALT: research the life cycle of a living thing**

All living things have a life cycle. Research a living thing of your choosing and draw the life cycle they follow.

Challenge: Can you use a range of materials?
